PROFESSIONAL SUMMARY

Early-career IT professional with experience translating complex system requirements into implementation plans, QA strategies, automated workflows, and analytics proposals for education-technology and library platforms. Produced 70+ developer handoffs, 50+ QA charters, and 100+ test cases; supported comparative AI model evaluation using the Analytic Hierarchy Process and helped reduce manual processing time by 40% through AI-assisted automation. Brings a strong foundation in database management, research, data quality, and structured problem-solving to data analyst roles.

CORE COMPETENCIES

Data Analysis & Research • Reporting & Analytics Requirements • Data Validation & Quality Assurance • Requirements Analysis • Process Improvement & Automation • Decision Analysis • Agile Delivery • Playwright Test Automation • Technical Documentation

PROFESSIONAL EXPERIENCE

Product System Analyst

July 2026

OroNikola | AdaptiveHub & AdaptiveLibrary

- Conduct research and systems analysis for an advanced learning management system and a library management system, translating findings into feature requirements and development priorities.
- Produced 70+ implementation-plan handoffs documenting system behavior, business rules, dependencies, and expected outcomes for development.
- Authored and executed 50+ QA test charters across manual and automated workflows, validating requirements and core user journeys across two products.
- Co-developed AI-assisted tools and automated workflows that reduced time spent on manual processes by approximately 40%.
- Proposed reporting and analytics implementations to support product, processes, & transactions monitoring and data-informed decision-making.

Creatives & Product Support Associate

May 2026 – July
2026

OroNikola | AdaptiveHub

- Executed and documented QA testing across 30+ modules and user flows using manual methods, scripts, and Playwright test automation.

- Designed 2+ e-book materials and supported the production of marketing collateral for the company’s digital products.
- Created and published 10+ social media assets, translating product information into audience-focused visual content.

Layout Artist & QA tester (Internship)

**February 2026 –
April 2026**

CK Children’s Publishing and Printing, Inc.

- Executed and documented QA tests for an education-technology application across two user roles, covering 10+ major modules and core workflows per role.
- Designed six e-book layouts for education-focused instructional materials, balancing visual consistency, readability, and production requirements.

PROJECT EXPERIENCE

System Analyst, Lead Researcher, & Lead QA

2025 - 2026

Capstone Project and Research 1 & 2

- Led systems analysis, research, and QA for “QuickEase 2.0: Enhancing Education 4.0 Through AI-Powered Learning and Collaboration.”
- Applied Thomas Saaty’s Analytic Hierarchy Process to evaluate three LLM candidates: GPT-4o mini, Gemini 2.5 Flash, and Gemini 2.0 Flash.
- Supported delivery through a hybrid iterative and Agile lifecycle, aligning research activities, system requirements, and sprint-based QA.
- Planned QA activities and authored 100+ test cases covering nine major modules.

EDUCATION

University of Science and Technology of Southern Philippines

2022 - 2026

Bachelor of Science in Information Technology – Cum Laude

Track 2: Database Management and Information Systems

Liceo de Cagayan University

2020 - 2022

Senior High School

Science, Technology, Engineering, and Mathematics

CERTIFICATIONS & RECOGNITION

- Dean's List Awardee – 1st Year – 4th Year
- Best Poster Presentation – CITC Sibol Research Colloquium (2026)
- CISCO Networking Academy: Data Analytics Essentials; Data Science Essentials; Introduction to Data Science Certification
- Leadership Award – NSTP CWTS (AY 2022 - 2023)
- Iskolar sa Dakbayan – City of Cagayan de Oro Scholarship Grantee (2022 - 2026)

INTERESTS

Machine learning and large language models • Agentic workflows and automation • Data analysis
• Research • Technical writing • QA testing • Technology and digital media
